### BITTEN BY A RATTLESNAKE.

The rumor that James L. Wilcox had been bitten by a rattlesnake was confirmed by an interview with Mr. Wilcox Sunday afternoon. The accident happened almost a week ago, and Mr. Wilcox reports that with the exception of a little soreness of the muscles he is himself again. Mr. Wilcox relates the incident as follows: He was down on the Goodall trail, and was standing talking to a friend, who chanced upon him there, when he made a quick movement to kill a mosquito and suddenly a snake struck him from the grass close by, hitting the upper side of a low shoe he was wearing; one fang pierced the leather to the flesh, and the other fang merely indenting the leather. He made three vigorous kicks before he could detach the snake and then stamped on him with his other foot. He was badly frightened and started with all possible speed for the drug store. Reaching the store he called for alum and ate a piece about as large as a hen's egg. He afterward took turpentine and whiskey in good quantities. While he was taking these internal douches he lost no time in applying coal oil to the wound, squeezing out the virus as best he could. He sat up until after 12 o'clock that night, expecting to die, but not making a go of it, turned in and had a pretty good night's rest for the remaining hours. Mr. Wilcox lays greater stress on the efficacy of the alum as a correction of snake bites.

Mrs. Celesti Hinks, the popular manager of the Daytona Beach hotel, had the misfortune to have her purse containing \$17.35 in bills and silver, and checks to the amount of some \$74, stolen from her Saturday evening some time between 6 o'clock and Sunday morning. The purse she had placed in a handbag, which was hid under some wearing articles in her private closet, to which however, there was open access. Mrs. Hinks did not discover her loss until the next morning. She had payment on the checks stopped and placed the matter in the hands of Judge Titus for detection.

The Daytona benefit concert and hop was had at the Keating casino Monday evening. A large attendance was out.

Refreshments will be served at every stop along the line.

The church extension will be completed, Contractor Hall says, in less than two weeks more. The open truss work on ceiling is all completed and the floors will be laid today and tomorrow. The work shows up most creditably to both contractor and workmen.

Mrs. M. E. Rogers is sufficiently recovered to be in charge of affairs at Surf Crest again, and the house is doing a good business.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. ## Headache For Years

"I keep Dr. Miles' Anti-Pain Pills on hand all the time, and would not think of taking a journey without them, no matter how short a distance I am going. I have a sister that has had terrible headaches for years, and I coaxed her to try them and they helped her so much, she now keeps them by her all the time. From my own experience I cannot praise them enough."

**MRS. LOU M. CHURCHILL,**  
63 High St., Penacook, N. H.

Many persons have headache after any little excitement or exertion. They cannot attend church, lectures, entertainments, or ride on trains without suffering. Those who suffer in this way should try Dr. Miles' Anti-Pain Pills. They give almost instant relief without leaving any disagreeable after-effects, as they do not derange the stomach or bowels; just a pleasurable sense of relief follows their use. Get a package from your druggist. Take it according to directions, and if it does not benefit he will return your money.
